False Flag Terrorism

Greetings People

And people from around the World, I have been sitting here thinking of what to call this article and the above fits just right for what I am going to talk about.

You most probably have not noticed in the last 3-4 days American President Barrack Obama, FBI, Secretary Holder, Hilary Clinton and a range of talking heads from the Mainstream American Media almost started WW111 based upon lies.

You would not of noticed unless you look and seen stories in the Alternative – Independent Media, the Mainstream Media in most western countries on orders from their corrupt – sold out Governments never reported the whole story of what went down.

Yes people!

These lying sacks of shit, sorry if the truth offends anybody these lying scumbags almost started WW111 and tried to rally the Worlds countries behind them into a Coalition Army Force to stand with them and attack IRAN.

BASED UPON LIES – Proven Now Concocted LIES!

The World Is Finished!

The world is finished as we know it, doesn't matter who you are a politician, ordinary worker, business owner, who or what ever you are living in the World, you might as well go home talk to your family and commit suicide people.

Think about it people, what type of World has this become when politicians elected by the people to rule for the people, can conspire and deliberately lie to start Wars based upon lies now?

What type of World has this got down to?

And the Mainstream Media has now become a propaganda mouthpiece for Government and elected Officials to spread and push these lies?

Ex – Prime Minister Kevin Rudd, now Foreign Affairs Minister on his election night back in 2007 thanked America and declared it the best friend of Australia within 5 minutes of taking the stage.

Yeah-right Kevin the best friend of Australia and the World, what planet is he living on?

Where has Kevin Rudd been for the last 100 years and not read American real history of all the countries they have invaded overthrown, murdered, poisoned, bombed the citizen population.

The United States of America is NO friend to any country of the World or the human race, when it can start Wars deliberately based upon lies sorry Kevin Rudd, and any (SICK) person in the head who wants to agree with Kevin Rudd should be locked up to in a mental hospital with him.

Do your mongrel children think the same as you Kevin?

And what about your wife with her Zionist heritage?

Ex – Prime Minister John Howard push the World should join a One World Government run by America & Israel on behalf of the Zionist Wall Street / London Bankers

Ex – Prime Minister, now Foreign Minister Kevin Rudd push the World should join a One World Government run by America & Israel on behalf of the Zionist Wall Street / London Bankers

Greens Leader Bob Brown push the World should join a One World Government run by America & Israel on behalf of the Zionist Wall Street / London Bankers

Mind you the whole three of them should have been charged and locked up under the ASIO ACT for Political Motivated Violence.

And thrown out of Parliament, tried for TREASON

Politically Motivated Violence

2.2 "Politically Motivated Violence" means:

(b) Acts that -

(ii) Are directed to overthrowing or destroying, or assisting in the overthrow or destruction of, the government or the constitutional system of government of the Commonwealth or of a State or Territory

& This

Commonwealth Of Australia Constitution Act

Chapter I. The Parliament.

Part IV - Both Houses of the Parliament

43. A member of either House of Parliament shall be incapable of being chosen or of sitting as a member of the other House.

44. Any person who –

(I.) **Is under any acknowledgement of allegiance, obedience, or adherence to a foreign power**, or is a subject or a citizen or entitled to the rights or privileges of a subject or citizen of a foreign power

These 3 people to call for Australia to be forced upon the citizens to join a One World Order Government run by America & Israel but controlled by the Zionist Wall Street / London Banks

Without the people – citizens of Australia consent at a referendum they should have been charged, locked up and prosecuted

But don't expect ASIO, Federal Police or anybody to hold them accountable, this just shows you how corrupt the Australian system is.

Sorry people the World is finished as we know it when America and their politicians **under any acknowledgement of allegiance, obedience, or adherence to a foreign power** Wall Street / London Bankers, The Corporations, Security and Military Industrial Complex, AIPAC The Jewish Lobby, The Mainstream Media.

The World is finished when these people can start WW111 based upon lies, deliberate and utter lies against another Sovereign Country Iran, and get away with it.

Anybody who cannot see the agenda now, and who all these western Governments and politicians elected respectively within are working for now must be so dumb down, blind, brainless nobody can help them.

- These people got away with 11th September
- These people got away with the London Bombings
- These people got away with Bali Bombings and all the other Attacks & events since 11th Sept 2001
- These people got away with WMD and their lies George Bush, Dick Cheney, John Howard, Tony Blair told.

Now Barrack Obama, FBI, Hillary Clinton, Secretary Holder and a range of others almost got away with “The Iran Terrorist Plot” and nobody is doing anything about it?

Sorry if this is the type of World the place has become America, the Great friend to Australia and the World can start WW111 based upon lies.

The World is finished!

The only type of World Kevin Rudd and others are leaving out you will live in is a Nazi – Fascist System, and after the English Communications Authority just announced Iran Press TV closed and are going after Russia Today.

Means the only Media News you will get will be feed to you by approved Media outlets who toe the Government line on what to report.

What didn't Kevin Rudd tell you about that?

Yes people if they succeed with their New World Order plans and are well under way with the (Sell Out African) in the White House.

The only Media News you will hear happening in your country and around the World will be from the now lying Zionist Controlled Jew Mainstream Media.

We warned people this was all coming!

We tried to wake you people up they were doing Terrorist Attacks to push their agenda!

God Save Us All!

Busted! Mr. President, We Believe Iran!

Phony Terror Plot Stamped "Mossad / CIA/ FBI" From Day One

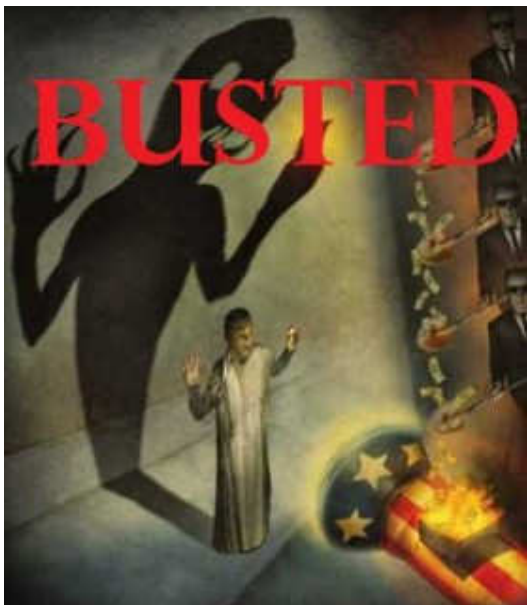

Within 24 hours of the announcement of a new Iranian plot, the truth started leaking out.

That leak is now a flood.

The FBI made up the whole thing, invented it and you and they aren't going to get away with it.

Why something this outrageous, this incompetent?

We know you have sold your soul to Israel, agreed to veto Palestinian statehood, a trade for election money. You are an idiot.

Phony Terror Plot

Judge Napolitano says both Iraq Wars, 1991 and 2003, were based on falsified intelligence. We thank Judge Napolitano for his courageous stance and for this "accidental leak" we know he enjoyed so much.

Israel is paying off both sides, as usual, as are the drug cartels.

If you wonder why your Attorney General may face prosecution?

It turns out he was involved in running guns to the Mexican cartels, the same cartels you are now claiming are tied to Iranian "terrorists."

Do We Have an Underground Homeland Security?

The only terrorists we tie the cartels to are your own, Homeland Security Janet Napolitano's "Operation Fast and Furious."

Did the cartels get Stinger missiles too?

We will have to wait and see.

We don't expect much from these terror scares.

We know the history of the Detroit "crotch bomber."

He was tied to Israeli security, we watched while he was escorted past airport security over and over, we knew he had Mossad handlers in Yemen.

" By Way of Deception "

The news may be "suppressed" but the "terror cell" in Yemen that supposedly trained him was captured.

Their laptop computers showed a history of emails with Israeli intelligence.

Check on it with your CIA.

This is fact, cleaned from the news but verifiable intelligence, totally reliable.

Your other recent big win, the killing of American cleric Anwar al Awlaki, you want background on that too?

He was killed because he had evidence that the “cover and deception” operation, the phony hijackers, all FBI recruits, were paid through FBI accounts.

We have multiple confirmations that the FBI paymaster for al Awlaki also helped manage payoffs for phony intelligence on Iraq, the lies that helped send us to war.

These were operations based out of the FBI office in San Diego.

Your problem is that we are not your political enemies, we are your supporters.

Here is a minor reminder.

Remember the problem with the missing nuclear weapons from Minot Air Force Base?

Overtly, the Air Force had to install a new command structure to prevent it from happening again.

We know better.

We know the weapons were stolen, we know who did it and where they were going.

We know several involved were "suicide / accidental" as required.

We respect that, religious extremists, even American ones, can't be given nuclear weapons to play with.

Where were they going with them?

They were heading for Iran but this wasn't under your watch.

Even Bush knew how to handle insurrection.

We do try to warn you.

CNN "outed" the phony FBI plot against Iran almost immediately

The UK Guardian broke the story within hours, even they picked up the smell?

You know that paper, don't you?

If you aren't familiar, it is the news outlet for Britain's intelligence services.

Consider their story a bit of a message.

It has the ring of a far-fetched Hollywood thriller and even the senior law enforcement official involved in the investigation admitted to journalists that the alleged plot to kill the Saudi ambassador to the US did not fit with.

What was known about the methods and practices of the supposed perpetrators, the Quds force of the Revolutionary Guards.

The Guardian lists 8 reasons that the story you are peddling is a lie, not just a "Hollywood thriller."

Could the alleged plot be provocation by an outside agency seeking to start a conflict between Iran and its enemies?

In that case, Arbabsiar is consciously misleading his interrogators or is being used by his cousin and his associates, who are working for this third party.

Let me put this in plain English as I have no faith you, despite your wonderful press conference performances, can understand anything that takes complex reasoning.

The Guardian, yes, we really mean MI 5 and 6, mean, when they say "outside agency," they are referring to the Mossad.

[Read the article](#), it certainly has to be better than your briefings.

There were 7 other reasons, not just them simply pointing out that you are peddling a cheap Mossad plot as a reason to send America to war simply because you need Israeli money to play politics.

There is always the other option, appointing a real attorney general and having most of the house and senate jailed for accepting laundered drug money.

To run their campaigns or having them charged with treason for accepting cash from foreign governments but, didn't you just do exactly that yourself?

Let's go back to why we mentioned the theft of nuclear weapons at Minot Air Force Base.

We are aware that, when key aspects of both intelligence and "special operations" were "privatized" under the personal authority of Vice President Cheney when he illegally assumed direct command under the misnomer of "Joint Special Operations Command," a "capability" was created on behalf of key global interests to exert threat against any member of the US government that "crossed the line."

I know that you know.

For others, a new, phony version of the CIA, FBI and Special Forces was created, funded out of "black budget" but answerable to a group we can't name, other than Cheney and maybe some key top Republicans.

My guesses as for names on the list, Lieberman, McCain, DeVos, Koch, Scaife, Cheney, Graham, Rohrabacher, Murdoch, but these are only wild guesses, totally unfounded.

Aren't they?

We have entire organizations that fit in here also, PNAC, AIPAC, the Heritage Foundation, the American Enterprise Institute, the Tea Party, the US Chamber of Commerce, there are others too.

Why would these organizations or individuals need control of a spy organization, a police force and over 2000 "black ops" assassins?

Do I have to explain that, although you have done wonders in "beginning" to put Wall Street on a partially answerable footing, you have backed off from almost every promise you have ever made and, certainly, from every expectation that the American people, the decent ones at least, had for you?

Mrs. Clinton, many years ago, called it the "great conservative conspiracy."

We now see huge defense contracting companies, "mercenaries" if you will, joined at the hip with drug cartels, the Israeli government, right wing political movements and Christian extremists in the US, all seemingly under the thumb of a global financial organization that is no longer "theoretical."

You have watched Europe?

Do you think they went from "swimming in cash" to "trillions in debt" without the involvement of the same global conspiracy that Bush used to do the same thing to America?

Coincidence?

Why are you so afraid?

We stood with you on Libya, even when you went beyond the scope of the UN.

We knew that Gaddafi was in bed with the boys we are talking about.

He bought his way in, the Carlyle Group, the Rothschilds, Gaddafi "joined the club" with Bush and Blair.

This is why David Welch, Bush "frontman" made a last ditch attempt to save him in August.

Welch, thus far, longtime Israeli associate, Bush enjoy and now CEO of Bechtel Corporation may well have been successful.

A trillion dollars belonging to the Libyan people has vanished.

We can count, we know what oil and gas costs and how much money Libya actually spent on its "revolution."

You know, catching phony terror plots isn't all that hard.

The cleanest job, other than debunking the bizarre "hijacker" theories you so embarrassingly peddle about 9/11 was 7/7.

John Anthony Hill actually forced that one into court where a jury, in a defacto trial, convicted the British government and Mossad of staging a terror attack.

You can see the whole thing [here](#), a "slam dunk" as it were.

Now, as for this Iran thing, consider yourself "busted."

You and Biden, Holder, the phony FBI, all caught running errands for the Mossad.

The reason I suspect is blackmail or coercion of some kind.

No secret there for anyone who understands American politics.

You don't trust the American people, you consider them hopelessly stupid after decades of Fox News.

If you, yourself, aren't a total moron, just the failure of Americans to rise up over 9/11, an obvious "false flag" is reason enough to keep lying to the people.

If your rationale is that they don't deserve better, that they "can't handle the truth," you may be right.

We also noted your support of the Occupy Wall Street movement.

We aren't blind.

We want to give you a second chance.

Here are a couple of my suggestions:

1. End the CIA/Mossad operation against the Egyptian people.

They fought for a democratic government and now we are helping Israel keep the corrupt Egyptian Army, Mubarak's thugs, in charge.

It will blow up in your face, this is a tragic failure.

A note for those who saw NATO plots in Libya: You have a very real one going in Egypt but so many of you are silent?

Is that because the Israeli / Gaddafi money paying your bills for Libya allows you to overlook something a thousand times more obvious in Egypt?

Consider yourselves "busted."

2. Announce a federally based inquiry into "inconsistencies" involving Building 7 at the World Trade Center. After the election, you can use the easily proven missile attack on the Pentagon to jail many of your political opponents.

You have dozens of videos showing the incident.

It will help you "clean house" and give America a real chance.

3. Immediately purge the military of private contractors and groups operating outside official chain of command.

This is your constitutional responsibility.

4. Announce a "blue ribbon panel" to investigate ways to "restructure" our relationship with the Federal Reserve.

These same banks took down the EU and, as you very well know, are ready to take another shot at America.

The GOP has introduced legislation to deregulate "securities" to enable another "pump and dump" as you are more than aware.

It's time you laid out the truth for the American people.

We hear some of it, the occasional gem of truth along with the Bush era mythology.

It isn't enough.

It has become increasingly obvious that Holder and Napolitano were going to be liabilities.

Allowing them, and those behind them, to send us into another war that I guarantee you we will lose, like we have now so many times, Vietnam, Iraq, Afghanistan, the War on Drugs, the War on Terror, the War on Poverty, we can't take other one.
